

REDPEAK

PROPERTIES

Denver, CO -- On July 8th and 9th **RedPeak Properties** will partner with the Cancer League of Colorado for the Over the Edge Event. During this event we will hopefully have over 200 supporters of the Cancer League of Colorado repel down the side of 1600 Glenarm on to the 16th Street Mall. We have challenged our on site teams to get in on the action. Each community has set up their own account to raise \$1000 to send one of their team members or a chosen resident “over the edge”. The bar has even been raised by some RedPeak individuals who have decided to go forward and raise the \$1000 on their own to guarantee an opportunity to repel. Joanna Pulido, Portfolio Manager of 1600 Glenarm, Seasons and Heritage Creek Apartments and Mark Windhager, Chief Operating Officer have already set up their commitments and are preparing for their big jump all for this cause.

Unique to non-profits, Cancer League of Colorado has no paid staff and no offices. Which means all of the money raised through the Over The Edge event goes right back to those who need it most. All operating expenses are covered by membership dues and our volunteer staff. Cancer League of Colorado now has more than 400 volunteer members who share the commitment to fight cancer and support cancer research. 100% of all donations go directly to cancer research and cancer patient services in the state of Colorado. Since 1985, Cancer League has donated over \$10 million in grants toward cancer research and services. Much like RedPeak this non-profit organization is rooted in our beautiful state which is why it makes sense to be a part of this event.

If you would like to volunteer for Over The Edge, set up your own account to repel, or want to help in other ways please visit www.DenverOverTheEdge.com for information about the event and organization.

Good luck to all who are working to raise money for this great cause!
